Professional Summary

Passionate and dedicated MERN Full Stack Developer with a strong foundation in web development technologies such as MongoDB, Express.js, React, and Node.js. Seeking an opportunity to apply my skills in building scalable and user-friendly applications while learning and growing within a dynamic team.

PROJECTS

Airbnb Clone

Tech Stack: MongoDB, Express.js, React.js, Node.js, Tailwind CSS
Description:

- Built a full-stack Airbnb clone with user registration, login, and location booking features.
- Integrated bcrypt for secure authentication and implemented dark/light theme toggling for better UX.
- Developed a scalable backend with Node.js and Express.js, managing bookings, cancellations, and user data.

StyleSwap

Tech Stack: MongoDB, Express.js, React.js, Node.js, Tailwind CSS
Description:

- A clothing style swap application where users can buy clothes based on price, type (e.g., winter wear, top wear, bottom wear), and preferences. The application also features an admin panel for managing the platform.
- Key Features:
 - User authentication and profile management.
 - Image upload functionality using Cloudinary.
 - Real-time notifications using Toastify.
 - Admin panel for managing users and product listings.

Blog Application

Tech Stack: MongoDB, Express.js, React.js, Node.js, Tailwind CSS
Description:

A full-stack blog application where users can create and edit blog posts. The app is built with the MERN stack for dynamic content management.

Key Features:

- Create and update functionality for blog posts.
- User authentication and authorization for secure access.
- Responsive and minimalist UI design using Tailwind CSS.

LinkedIn Clone

Tech Stack: MongoDB, Express.js, React.js, Node.js, Tailwind CSS
Description:

Developed a LinkedIn clone enabling users to create profiles, connect with others, and share posts, focusing on social interaction and networking.

Key Features:

- Profile customization, including updating profile images using Cloudinary.
- Editable user details for seamless profile management.
- Intuitive UI and responsive design powered by Tailwind CSS.
